## **Introductory Comments**

**These Uniform Accountancy Rules (“Rules”) have been prepared by the National Association of State Boards of Accountancy (“NASBA”) as part of its continuing effort to update and promote uniformity in the regulatory schemes governing the practice of accountancy in the various jurisdictions.**

**These Rules are keyed to the Uniform Accountancy Act (“Uniform Act”) – Fourth Edition in several respects. Like most rules of administrative agencies they are intended in a general sense to implement or to explain specific statutory provisions governing the operations of the agency concerned; thus, in those cases where it appears appropriate for a Rule to contain a reference to a statutory provision, the reference provided in these Rules is to a provision of the Uniform Act. The organizing pattern of the Rules also reflects that of the Uniform Act: the numbered Articles under which the Rules are grouped correspond to section numbers in the Uniform Act.**

**The Rules are not intended to depend entirely upon the Uniform Act, or to be suitable for adoption only in jurisdictions where the accountancy law corresponds to the Uniform Act. Where the law that is in force varies from the Uniform Act, modifications may be necessary to adapt the Rules to the pertinent statute.**

## Preamble

**These Rules are adopted by the \_\_\_\_\_ Board of Accountancy, pursuant to its authority under the [Public] Accountancy Act of 20\_\_\_. Their purpose is to promote and protect the public interest by implementing the provisions of that Act, which provide for the issuance and renewal of certificates as certified public accountants; the renewal of registrations to public accountants; the issuance and renewal of permits to firms and the regulation of licensees, all to enhance the reliability of information which is used for guidance in financial transactions or accounting for or assessing the financial status or performance of commercial, noncommercial and governmental enterprises.**

**ARTICLE 5  
CERTIFIED PUBLIC ACCOUNTANTS**

**Rule 5-1 - Education requirements – definitions.**

- a) “Semester credit hour” (SCH) means the conventional college semester credit hour. “Quarter credit hours” may be converted to semester credit hours by multiplying them by two-thirds; i.e., one quarter credit hour equals two-thirds of a semester credit hour.
- b) “College(s) or university(s)” means board-recognized institution(s) of higher education accredited by generally recognized accrediting organizations.
- c) “Accreditation” reflects the quality control of the education process provided by generally recognized regional and/or national accreditation organizations. These Rules refer to three levels of accreditation. Level 1 represents the most comprehensive review at the accounting program level and Level 3 is the least comprehensive review at the college or university level. Colleges or universities without accreditation, as defined below, would generally lack any level of accreditation including the college or university, the business school or program (“business school”), and/or the accounting department or program (“accounting program”).
1. **Level 1 accreditation** – the accounting program. In a Level 1 accreditation, the college or university; business school; and the accounting program are separately accredited. This level applies to an accounting program that is accredited by an organization recognized by the Council for Higher Education Accreditation (CHEA) as a specialized or professional accrediting organization, such as the Association to Advance Collegiate Schools of Business-International (AACSB) . Accredited accounting programs have met standards substantially higher and much more specific than those required for Level 2 or Level 3 accreditation.
  2. **Level 2 accreditation** – the business school. In a Level 2 accreditation, the college or university and the business school are accredited, but the accounting program is not separately accredited. This level applies to a business school that is accredited by an organization recognized by the Council for Higher Education Accreditation (CHEA) as a specialized or professional accrediting organization, such as the AACSB or the Association of Collegiate Business Schools and Programs (ACBSP).
  3. **Level 3 accreditation** – the college or university. In a Level 3 accreditation, the college or university is accredited, but neither the business school nor the accounting program meet Level 1 or Level 2 accreditation requirements. This level applies to a degree-granting college or university that is not accredited at Level 1 or Level 2, but is accredited by an organization currently recognized by the Council for Higher Education Accreditation as a regional accrediting

1 organization, such as Middle States Association of Colleges and Schools, New  
2 England Association of Schools and Colleges Commission on Colleges or  
3 Universities of Higher Education, North Central Association of Colleges and  
4 Schools-The Higher Learning Commission, Northwest Commission on Colleges  
5 and Universities, Southern Association of Colleges and Schools Commission on  
6 Colleges, and Western Association of Schools and Colleges Accrediting  
7 Commission for Senior Colleges and Universities.  
8

9 4. College or university without accreditation – an educational institution or entity  
10 that does not have an accreditation of either the college or university, business  
11 school, or accounting program; or a college or university accredited by  
12 organizations not recognized by the Board.  
13

14 d) “Integration of subject matter” means a program of learning where certain  
15 subjects, which may be discrete courses in some colleges or universities, are  
16 integrated or embedded within related courses. Colleges or universities that use an  
17 integrated approach to cover such multiple course subjects should provide evidence  
18 of the required coverage pursuant to Rule 5-2(d). Acceptance of integration of any  
19 subject matter requires Board approval.  
20

21 e) “Ethics” means a program of learning that provides students with a framework of  
22 ethical reasoning, professional values and attitudes for exercising professional  
23 skepticism and other behavior that is in the best interest of the public and  
24 profession. At a minimum, an ethics program should provide a foundation for  
25 ethical reasoning and the core values of integrity, objectivity and independence.  
26

27 f) “Internship” means faculty approved and appropriately supervised short-term  
28 work experience, usually related to a student’s major field of study, for which the  
29 student earns academic credit.  
30

31 g) “Independent study” means academic work selected or designed by the student with  
32 the approval of the appropriate department of a college or university under faculty  
33 supervision. This work typically occurs outside of the regular classroom structure.  
34  
35  
36

1 **Rule 5-2 - Education requirements - determining compliance of the applicant's education.**

2  
3 **These requirements are intended to provide a foundation in accounting and business**  
4 **course subjects. The program should:**

- 5  
6 **1. Develop the skills required to apply the knowledge attained (including skills in**  
7 **communications, research, judgment and analysis).**  
8  
9 **2. Include and emphasize ethical behavior and professional responsibility.**  
10  
11 **3. Provide the highest quality instruction in subjects that clearly contribute to the**  
12 **knowledge, skills and abilities necessary to meet the public's expectations of a**  
13 **CPA.**

- 14  
15 **a) For purposes of Section 5(c) of the Uniform Accountancy Act, an applicant will be**  
16 **deemed to have met the education requirement(s) if the Board has determined the**  
17 **applicant has met the requirements of Rule 5-2(c) and Rule 5-2(d), together with**  
18 **appropriate consideration of Rule 5-2(b).**  
19  
20 **b) Determining compliance of the applicant's education shall be accomplished through the**  
21 **Board's use of the following procedures:**

- 22  
23 **1) Reliance on accreditation, as defined in Rule 5-1(b), of the college or university, from**  
24 **which the candidate has obtained the necessary degree and hours as defined in Rule**  
25 **5-2(c) for purposes of determining the acceptability of the degree and the amount of**  
26 **detailed review required for compliance with the accounting and business content.**

27  
28 **State Boards may place significant reliance on the quality, content and delivery**  
29 **method of accounting and business courses included in accounting degrees from**  
30 **Level 1 colleges or universities and as such, transcripts from such colleges or**  
31 **universities would require minimal or no Board review. Colleges or universities with**  
32 **Level 2 accreditation would require little or no Board review of transcripts in terms**  
33 **of the business content, but the accounting content would require more review than**  
34 **Level 1. Transcripts from a Level 3 college or university would require more**  
35 **detailed review by the Board for compliance with the accounting and business**  
36 **content. Degrees from colleges or universities without accreditation or with**  
37 **accreditation by an organization not recognized by the Board would generally not be**  
38 **acceptable.**

- 39  
40 **2) Reliance on other procedures and information where the degree and/or courses were**  
41 **obtained from a college or university(s) not meeting the accreditation requirements**  
42 **of Rule 5-2(b) (1). Accepting degrees or courses under Rule 5-2(c) should only be**  
43 **based on evidence of acceptable course content, instruction and quality as would be**  
44 **expected by accreditation and as approved by the Board.**

- 45  
46 **3) Reliance on other procedures and information where the requirements of Rule 5-2(c)**  
47 **are met by integration of subject matter. The requirements set forth in Rule 5-2(d)**

1 should be used to determine compliance.  
2  
3  
4

5 **c) An applicant shall be deemed to have satisfied the education requirements if the**  
6 **following conditions are met:**  
7

8 **1) Earned a graduate degree and/or a baccalaureate degree at a college or university**  
9 **that is accredited, as described in Rule 5-1(c);**  
10

11 **2) Earned a minimum of 24 SCH (or the equivalent) of accounting courses at the**  
12 **undergraduate or graduate level, excluding principles or introductory accounting**  
13 **courses, covering some or all of the following subject-matter content, which are to**  
14 **be contemporaneously derived from the Uniform CPA Examination Content**  
15 **Specification Outline (CSO):**  
16

- 17 **i) Financial accounting and reporting for business organizations**
- 18 **ii) Financial accounting and reporting for government and not-for-profit entities**

30

31 **3) Earned a minimum of two SCH in research and analysis relevant to the course**  
32 **content described in 5-2(c)(2) through a discrete undergraduate and/or graduate**  
33 **accounting course or two SCH integrated throughout the undergraduate and/or**  
34 **graduate accounting curriculum. Colleges or universities must provide evidence of**  
35 **coverage under integration as specified in Rule 5-2(d). The SCH earned through a**  
36 **discrete course in research and analysis in accounting may fulfill two of the SCH of**  
37 **the accounting subject matter requirements in Rule 5-2(c)(2).**  
38

39 **4) Earned a minimum of 24 SCH (or the equivalent) of business courses, other than**  
40 **accounting, at the undergraduate and/or graduate level, covering some or all of the**  
41 **following subject-matter content:**  
42

- 43 **i) Business law**
- 44 **ii) Economics**
- 45 **iii) Management**
- 46 **iv) Marketing**
- 47 **v) Finance**

10 **graduate course listed or cross-listed as an accounting or business course or two**

13 **integration as specified in 5-2(d). The SCH earned through a discrete course in**  
14 **communications may fulfill two SCH of the subject matter requirements of Rule 5-**  
15 **2(c)(4).**

16

17 **6) Earned a minimum of three SCH in an undergraduate and/or a graduate course**  
18 **listed or cross listed as an accounting or business course in ethics as defined in Rule**  
19 **5-1(e). A discrete three SCH course in ethics may count towards meeting the**  
20 **accounting or business course requirements of Rule 5-2(c)(2) or Rule 5-2(c)(4). As**  
21 **an alternative, colleges or universities may choose to integrate the course**  
22 **throughout the undergraduate and/or graduate accounting or business curriculum.**  
23 **Universities must provide evidence of coverage under integration as specified in**  
24 **Rule 5-2(d). Proof of coverage may be provided through specific evaluation by a**  
25 **national accrediting agency recognized by CHEA, such as AACSB or ACBSP, in**  
26 **which evidence is provided to assure the Board that the program of learning defined**  
27 **in Rule 5-1(e) has been adequately covered and at the equivalent of the three SCH**

30

31 **7) A maximum of six SCH for internships and independent study, as defined in Rule 5-**  
32 **1(f) and Rule 5-1(g), may count towards the subject matter requirements of Rule 5-**  
33 **2(c)(2) or Rule 5-2(c)(4). However, of the six SCH, a maximum of three SCH may**  
34 **apply to accounting courses under Rule 5-2(c).**

35

36 **d) Colleges or universities that use an integrated approach to meet the requirements of**  
37 **Rule 5-2(c)(3, 5 or 6) must provide evidence that the respective subjects adequately**  
38 **cover the desired content, with acceptable instruction and quality to attain the**  
39 **objectives. Proof of coverage may be provided through specific evaluation by a national**  
40 **accrediting agency recognized by CHEA, such as AACSB or ACBSP. Alternate**  
41 **methods for proof of coverage may be determined and approved by the Board following**  
42 **careful scrutiny.**

43

1 **Rule 5-3 - Applications for examination.**

- 2
- 3 (a) Applications to take the Certified Public Accountant Examination must be made on  
4 a form provided by the Board and filed with the Board by a due date specified by  
5 the Board in the application form.
- 6

8 fee required by these Rules and all required supporting documents have been

22 of the examination shall be mailed at least ten days prior to the date set for the examination  
23 to each Candidate whose application to sit for the examination has been approved by the  
24 Board.

25

26 Upon the implementation of a computer-based examination, eligible Candidates shall be  
27 notified of the time and place of the examination or shall independently contact the Board  
28 or a test center operator identified by the Board to schedule the time and place for the  
29 examination at an approved test site. Scheduling reexaminations must be made in  
30 accordance with Rule 5-7(b) below.

31

32 **Rule 5-5 - Examination content.**

30 (b) Upon the implementation of a computer-based examination, a Candidate may take  
31 the required Test Sections individually and in any order. Credit for any Test  
32 Section(s) passed shall be valid for eighteen months from the actual date the  
33 Candidate took that Test Section, without having to attain a minimum score on any  
34 failed Test Section(s) and without regard to whether the Candidate has taken other  
35 Test Sections.

- 36
- 37 (1) Candidates must pass all four Test Sections of the Uniform CPA Examination  
38 within a rolling eighteen-month period, which begins on the date that the first  
39 Test Section(s) passed is taken.
- 40
- 41 (2) Candidates cannot retake a failed Test Section(s) in the same examination  
42 window. An examination window refers to a three-month period in which  
43 Candidates have an opportunity to take the CPA examination (comprised of  
44 two months in which the examination is available to be taken and one month in  
45 which the examination will not be offered while routine maintenance is  
46 performed and the item bank is refreshed). Thus, Candidates will be able to  
47 test two out of the three months within an examination window.

- 1           **(3) In the event all four Test Sections of the Uniform CPA Examination are not**  
2           **passed within the rolling eighteen-month period, credit for any Test Section(s)**  
3           **passed outside the eighteen-month period will expire and that Test Section(s)**  
4           **must be retaken.**
- 5
- 6           **(c) Candidates having earned conditional credits on the paper-and-pencil examination,**  
7           **as of the launch date of the computer-based Uniform CPA Examination, will retain**  
8           **conditional credits for the corresponding Test Sections of the computer-based CPA**  
9           **examination as follows:**

<b>Paper-and-Pencil Examination</b>	<b>Computer-Based Examination</b>
<b>Auditing</b>	<b>Auditing and Attestation</b>
<b>Financial Accounting and Reporting (FARE)</b>	<b>Financial Accounting and Reporting</b>
<b>Accounting and Reporting (ARE)</b>	<b>Regulation</b>
<b>Business Law and Professional Responsibilities (LPR)</b>	<b>Business Environment and Concepts</b>

- 10           **1) Candidates who have attained conditional status as of the launch date of the**  
11           **computer-based Uniform CPA Examination will be allowed a transition period**  
12           **to complete any remaining Test Sections of the CPA examination. The**  
13           **transition is the maximum number of opportunities that Candidates who have**  
14           **conditioned under the paper-and-pencil examination have remaining, at the**  
15           **launch of the computer-based CPA examination, to complete all remaining**  
16           **Test Sections, or the number of remaining opportunities under the paper-and-**  
17           **pencil examination, multiplied by six months, whichever is first exhausted.**
- 18
- 19           **2) If a previously conditioned Candidate does not pass all remaining Test**  
20           **Sections during the transition period, conditional credits earned under the**  
21           **paper-and-pencil examination will expire and the Candidate will lose credit for**  
22           **the Test Sections earned under the paper-and-pencil examination. However,**  
23           **any Test Section(s) passed during the transition period is subject to the**  
24           **conditioning provisions of the computer-based examination as indicated in the**  
25           **aforementioned conditioning recommendation, except that a previously**  
26           **conditioned Candidate will not lose conditional credit for a Test Section of the**  
27           **computer-based examination that is passed during the transition period, even**  
28           **though more than eighteen months may have elapsed from the date the Test**  
29           **Section is passed, until the end of the transition period.**
- 30
- 31           **(d) A Candidate shall retain credit for any and all Test Sections of an examination**  
32           **passed in another state if such credit would have been given, under then applicable**

1 requirements, if the Candidate had taken the examination in this State.

2  
3 (e) The Board may in particular cases extend the term of conditional credit validity  
4 notwithstanding the requirements of subsections (a), (b), (c), and (d), upon a  
5 showing that the credit was lost by reason of circumstances beyond the Candidate's  
6 control.

7  
8 (f) A Candidate shall be deemed to have passed the Uniform CPA Examination once  
9 the Candidate holds at the same time valid credit for passing each of the four Test  
10 Sections of the examination. For purposes of this section, credit for passing a Test  
11 Section of the computer-based examination is valid from the actual date of the  
12 Testing Event for that Test Section, regardless of the date the Candidate actually  
13 receives notice of the passing grade.

14  
15 **Rule 5-8 – Candidate Testing Fee**

16  
17 The Candidate shall, for each Test Section scheduled by the Candidate to the Board  
18 or its designee, pay a Candidate Testing Fee that includes the actual fees charged by  
19 the AICPA, NASBA, and the Test Delivery Service Provider, as well as reasonable  
20 application fees established by the State Board.

21  
22 **Rule 5-9 – Cheating**

23  
24 (a) Cheating by a Candidate in applying for, taking or subsequent to the examination  
25 will be deemed to invalidate any grade otherwise earned by a Candidate on any Test  
26 Section of the examination, and may warrant summary expulsion from the test site  
27 and disqualification from taking the examination for a specified period of time.

28  
29 (b) For purposes of this Rule, the following actions or attempted activities, among  
30 others, may be considered cheating:

31  
32 (1) Falsifying or misrepresenting educational credentials or other information  
33 required for admission to the examination;

34  
35 (2) Communication between Candidates inside or outside the test site or copying  
36 another Candidate's answers while the examination is in progress;

37  
38 (2) Communication with others inside or outside the test site while the  
39 examination is in progress;

40  
41 (4) Substitution of another person to sit in the test site in the stead of a Candidate;

42  
43 (5) Reference to crib sheets, textbooks or other material or electronic media (other  
44 than that provided to the Candidate as part of the examination) inside or  
45 outside the test site while the examination is in progress.

1 (6) Violating the nondisclosure prohibitions of the examination or aiding or  
2 abetting another in doing so.  
3

4 (7) Retaking or attempting to retake a Test Section by an individual holding a  
5 valid Certificate or by a Candidate who has unexpired credit for having  
6 already passed the same Test Section, unless the individual has been directed  
7 to retake a Test Section pursuant to Board order or unless the individual has  
8 been expressly authorized by the Board to participate in a “secret shopper”  
9 program.  
10

11 (c) In any case where it appears that cheating has occurred or is occurring, the Board  
12 or its representatives may either summarily expel the Candidate involved from the  
13 examination or move the Candidate to a position in the Test Center away from  
14 other examinees where the Candidate can be watched more closely.  
15

16 (d) In any case where the Board believes that it has evidence that a Candidate has  
17 cheated on the examination, including those cases where the Candidate has been  
18 expelled from the examination, the Board shall conduct an investigation and may  
19 conduct a hearing consistent with the requirements of the state’s Administrative  
20 Procedures Act following the examination session for the purpose of determining  
21 whether or not there was cheating, and if so what remedy should be applied. In  
22 such proceedings, the Board shall decide:  
23

24 (1) Whether the Candidate shall be given credit for any portion of the  
25 examination completed in that session; and

26 (2) Whether the Candidate shall be barred from taking the examination and if so,  
27 for what period of time.  
28

29 (e) In any case where the Board or its representative permits a Candidate to continue  
30 taking the examination, it may, depending on the circumstances:  
31

32 (1) Admonish the Candidate;  
33

34 (2) Seat the Candidate in a segregated location for the rest of the examination;  
35

36 (3) Keep a record of the Candidate’s seat location and identifying information,  
37 and the names and identifying information of the Candidates in close  
38 proximity of the Candidate; and/or  
39

40 (3) Prior to the introduction of a computer-based examination, notify the AICPA  
41 of the circumstances, furnishing the Candidate’s identification number, so that  
42 after the initial grading is completed, the Candidate’s papers can be compared  
43 for unusual similarities with the papers of others who may have been involved.  
44

45 Upon introduction of a computer-based examination, notify the National  
46 Candidate Database and the AICPA and/or the Test Center of the

1                   circumstances, so that the Candidate may be more closely monitored in future  
2                   examination sessions.

- 3   **(f)**    In any case in which a Candidate is refused credit for any Test Section of an  
4           examination taken, disqualified from taking any Test Section, or barred from taking  
5           the examination in the future, the Board will provide to the Board of Accountancy  
6           of any other state to which the Candidate may apply for the examination  
7           information as to the Board’s findings and actions taken.  
8

9   **Rule 5-10 – Security and irregularities**

10  
11   Notwithstanding any other provisions under these rules, the Board may postpone  
12   scheduled examinations, the release of grades, or the issuance of certificates due to a breach  
13   of examination security; unauthorized acquisition or disclosure of the contents of an  
14   examination; suspected or actual negligence, errors, omissions, or irregularities in  
15   conducting an examination; or for any other reasonable cause or unforeseen circumstance.

16   **Rule 5-11 - Good moral character**

- 17  
18   **(a)**    Applicants have the burden of demonstrating good moral character as defined by  
19           UAA Section 5(b) in the manner specified by the Board in its application forms.  
20  
21   **(b)**    Prima facie evidence of a lack of good moral character includes, but is not limited  
22           to:  
23           **(1)**    any deferred prosecution agreement involving an admission of wrongdoing,  
24                   or any criminal conviction, including conviction following a guilty plea or  
25                   plea of *nolo contendere*, for any felony or any crime, an essential element of  
26                   which is fraud, dishonesty, or deceit, or any other crime which evidences an  
27                   unfitness of the applicant to practice public accountancy in a competent  
28                   manner and consistent with the public safety;  
29                   **(2)**    revocation of any license or other authority to practice by or before any state,  
30                   federal, foreign or other licensing or regulatory authority; or  
31                   **(3)**    any act which would be grounds for revocation or suspension of a license if  
32                   committed by a licensee of the Board.  
33  
34   **(c)**    Factors which the Board may consider in determining rehabilitation of moral  
35           character include, but are not limited, to the following:   Completion of criminal  
36           probation, restitution, community service, military or other public service, the  
37           passage of time without the commission of any further crime or act demonstrating a  
38           lack of moral character under subsection (b), the expungement of any conviction,  
39           or reduction of a conviction from a felony to misdemeanor.  
40

41   **Comments:** Most states use the term “revoke” or “revocation” to refer to removing a  
42   license on disciplinary grounds. However, state boards should be aware that some  
43   jurisdictions use the term “revoke” to refer to forfeitures for administrative infractions  
44   such as failure to renew a licensee or to comply with CPE requirements.

**ARTICLE 6**  
**ISSUANCE OF CERTIFICATES AND RENEWAL OF CERTIFICATES**  
**AND REGISTRATIONS, CONTINUING PROFESSIONAL EDUCATION**  
**AND RECIPROCITY**

**Rule 6-1 - Applications.**

- (a) Applications for initial certificates and for renewal of certificates and registrations pursuant to the Act shall be made on a form provided by the Board and, in the case of applications for renewal, shall be filed no later than 60 days prior to the expiration date set by these rules. Applications will not be considered filed until the applicable fee prescribed in the Rules is received. If an application for renewal is filed late, it shall also be accompanied by the delinquency fee prescribed in the Rules.
- (b) Applications for renewal of certificates or registrations shall be accompanied by evidence satisfactory to the Board that the applicant has complied with the continuing professional education requirements under Section 6(d) of the Act and of these Rules.

**Rule 6-2 - Experience required for initial certificate.**

The experience required to be demonstrated for issuance of an initial certificate pursuant to Section 5(f) of the Act shall meet the requirements of this rule.

- (a) Experience may consist of providing any type of services or advice using accounting, attest, compilation, management advisory, financial advisory, tax or consulting skills.
- (b) The applicant shall have their experience verified to the Board by a licensee as defined in the Act or from another state. Acceptable experience shall include employment in industry, government, academia or public practice. The Board shall look at such factors as the complexity and diversity of the work.
- (c) One year of experience shall consist of full or part-time employment that extends over a period of no less than a year and no more than three years and includes no fewer than 2,000 hours of performance of services described in subsection (a) above.

**Rule 6-3 - Evidence of applicant's experience.**

- (a) Any licensee who has been requested by an applicant to submit to the Board evidence of the applicant's experience and has refused to do so shall, upon request by the Board, explain in writing or in person the basis for such refusal.
- (b) The Board may require any licensee who has furnished evidence of an applicant's experience to substantiate the information.

1 (c) Any applicant may be required to appear before the Board or its representative to  
2 supplement or verify evidence of experience.

3  
4 (d) The Board may inspect documentation relating to an applicant's claimed  
5 experience.

6  
7 **Rule 6-4 - Continuing professional education requirements for renewal of the certificate or**  
8 **registration.**

9  
10 The following requirements of continuing professional education apply to the renewal of  
11 certificates and registrations pursuant to Section 6(d) of the Act.

12  
13 (a) An applicant seeking renewal of a certificate or registration shall show that the  
14 applicant has completed no less than 120 hours of continuing professional  
15 education, including a minimum of four hours in ethics, complying with these  
16 Rules during the three-year period preceding renewal. A program in ethics  
17 includes topics such as ethical reasoning, state-specific statutes and rules, and  
18 standards of professional conduct, including those of other applicable regulatory  
19 bodies. A minimum of 20 CPE hours shall be completed each year. An applicant  
20 seeking renewal of a certificate or registration shall demonstrate participation in a  
21 program of learning meeting the standards set forth in the Statement on Standards  
22 for Continuing Professional Education (CPE) Programs jointly approved by  
23 NASBA and AICPA.

24  
25 (b) An applicant whose certificate or registration has lapsed shall complete no less than  
26 120 hours of CPE complying with these rules during the three-year period  
27 preceding the date of reapplication. An applicant whose certificate or registration  
28 has lapsed shall be required to identify and complete a program of learning  
29 designed to demonstrate the currency of the licensee's competencies directly related  
30 to his or her area of service.

31  
32 (c) A licensee granted an exception from the competency requirement by the Board  
33 may discontinue use of the word "inactive" in association with their CPA or PA title  
34 upon showing that they have completed no less than 120 hours of continuing  
35 professional education complying with these Rules during the three-year period  
36 preceding their request to discontinue use of the word "inactive", with a minimum  
37 of 20 hours in each year.

38  
39 **Rule 6-5 - Programs qualifying for continuing professional education credit.**

40  
41 (a) Standards -- A program qualifies as acceptable continuing professional education  
42 for purposes of Section 6(d) of the Act and these Rules if it is a program of learning  
43 which contributes to the growth in the professional knowledge and professional  
44 competence of a licensee. The program must meet the minimum standards of  
45 quality of development, presentation, measurement, and reporting of credits set  
46 forth in the Statement on Standards for Continuing Professional Education  
47 Programs jointly approved by NASBA and AICPA or such other standards

1 acceptable to the Board.

2  
3 (b) Subject Areas -- The Board will accept programs meeting the standards set forth in  
4 the Statement on Standards for Continuing Professional Education Programs  
5 jointly approved by NASBA and AICPA or standards deemed by the Board to be  
6 comparable thereto.

7  
8 (c) A non-resident licensee seeking renewal of a certificate in this state shall be  
9 determined to have met the CPE requirement (including the requirements of Rule  
10 6-4(a)) of this rule by meeting the CPE requirements for renewal of a certificate in  
11 the state in which the licensee's principal office is located.

12  
13 (1) Non-resident applicants for renewal shall demonstrate compliance with the  
14 CPE renewal requirements of the state in which the licensee's principal office  
15 is located by signing a statement to that effect on the renewal application of  
16 this state. (2) If a non-resident licensee's principal office state has no  
17 CPE requirements for renewal of a certificate, the non-resident licensee must  
18 comply with all CPE requirements for renewal of a certificate in this state.

19  
20 **Comments:** Continuing education on ethics may include credit for state-specific statutes  
21 and rules, but state-specific statutes and rules course requirements should be primarily  
22 required of licensees whose principal place of business is in the state requiring continuing  
23 education credits in state-specific statutes and rules. Otherwise, multistate practice could  
24 be greatly constrained and the other objectives of continuing education (such as continuing  
25 technical competence) could be displaced by an inordinate concentration on the local  
26 accountancy rules of numerous jurisdictions.

27  
28 **Rule 6-6 - Continuing professional education records.**

29  
30 (a) Applicants for renewal of certificates or registrations pursuant to the Act shall file  
31 with their applications a signed statement indicating they have met the  
32 requirements for participation in a program of continuous learning as set forth by  
33 the Board or contained in the Statement on Standards for Continuing Professional  
34 Education (CPE) Programs jointly approved by the NASBA and the AICPA.  
35 Responsibility for documenting the acceptability of the program and the validity of  
36 the credits rests with the applicant who should retain such documentation for a  
37 period of five years following completion of each learning activity.

38  
39 (b) The Board will verify on a test basis information submitted by applicants for  
40 renewal of certificates or registrations. In cases where the Board determines that  
41 the requirement is not met, the Board may grant an additional period of time in  
42 which the deficiencies can be cured. Fraudulent reporting is a basis for disciplinary  
43 action.

44  
45 **Rule 6-7 - Exceptions.**

46  
47 (1) The Board may make an exception to the requirement set out in Rule 6-4(a) for

1 a licensee who is retired or who does not perform or offer to perform for the  
2 public one or more kinds of services involving the use of accounting or  
3 auditing skills, including the issuance of reports on financial statements or  
4 other compilation communication, or of one or more kinds of management  
5 advisory, financial advisory or consulting services, or the preparation of tax  
6 returns or the furnishing of advice on tax matters.  
7

8 (2) The Board may in particular cases make exceptions to the requirements set out  
9 in Rule 6-4(a) for reasons of individual hardship including health, military  
10 service, foreign residence, or other good cause.

11 (3) Licensees granted such an exception by the Board must place the word  
12 “inactive” adjacent to their CPA title or PA title on any business card,  
13 letterhead or any other document or device, with the exception of their CPA  
14 certificate or PA registration, on which their CPA or PA title appears.  
15

16 (4) Licensees granted an exception by the Board must comply with a re-entry  
17 competency requirement defined by the Board as set out in Rule 6-4(c) before  
18 they may discontinue use of the word “inactive” in association with their CPA  
19 or PA title.  
20

#### 21 Rule 6-8 - Interstate practice. 22

23 (a) These regulations provide two distinct routes for an individual already licensed in  
24 another state to be authorized to practice in this state. The applicable route depends upon  
25 whether the individual will establish a principal place of business in this state. Individuals  
26 establishing a principal place of business in this state may qualify for a reciprocal license  
27 either by substantial equivalence (see UAA Section 6(c)(2) and Section 23(a) (for  
28 substantially equivalent states) or Section 23(b)(for substantially equivalent individual  
29 qualifications)), or by experience (see UAA Section 6(c)(1) and Rule 6-8(b) below).  
30 Individuals with a principal place of business in another state may offer or render services  
31 in this state either pursuant to substantial equivalence (see UAA Section 23(a) or (b)), or  
32 pursuant to experience (see Rule 6-8(c) below).  
33

34 (b) Regarding an individual establishing a principal place of business in this State, if the  
35 substantial equivalency standard set out in Section 23 is not applicable, the Board shall  
36 issue a reciprocal certificate to the holder of a certificate issued by another state provided  
37 that the applicant meets each of the following requirements:  
38

39 (1) Has successfully completed the CPA examination. Successful completion of  
40 the examination means that the applicant passed the examination in  
41 accordance with the rules of the other state at the time it granted the  
42 applicant’s initial certificate.  
43

44 (2) Has, in addition to meeting the requirements of subsection (a), satisfied the 4-  
45 in-10 experience requirement set out in Section 6(c)(1)(B) of the Act.  
46

1 (3) Has experience of the type required under the Act and these Rules for  
2 issuance of the initial certificate.

3  
4 (4) Has met the CPE requirement pursuant to Section 6(c)(1)(C) if applicable.  
5

6 (c) Regarding an individual whose principal place of business is and remains outside this  
7 state, the Board may authorize the individual to exercise practice privileges in this state  
8 provided the individual meets each of the following requirements:  
9

10 (1) The individual has an active CPA license in good standing issued by another  
11 state;

12  
13 (2) The individual has met the 4 in 10 experience requirement specified in Section  
14 6(c)(1)(B) of the Act;

15  
16 (3) The individual provides Notice to the Board in the same manner and on  
17 comparable forms as required for substantially equivalent practitioners under  
18 Section 23 of the Act and rules promulgated thereunder; and,

19  
20 (4) The individual consents to each of the terms and conditions pertaining to the  
21 use of practice privileges as specified in Section 23 (a)(3) as well as rules  
22 promulgated thereunder.  
23  
24

25 **Rule 6-9 - International reciprocity.**  
26

27 (a) The Board may designate a professional accounting credential or professional  
28 registration issued in a foreign country as substantially equivalent to a CPA license.  
29

30 (1) The Board may rely on the International Qualifications Appraisal Board for  
31 evaluation of foreign credential equivalency and may presume that an  
32 applicant with a foreign accounting credential that is covered by a currently  
33 valid Mutual Recognition Agreement (MRA) is substantially equivalent  
34 (subject to other qualifying requirements as provided in the MRA);  
35

36 (2) The Board may accept a foreign accounting credential in partial satisfaction of  
37 its domestic credentialing requirements if:  
38

39 (A) the holder of the foreign accounting credential met the issuing body's  
40 education requirement and passed the issuing body's examination used to  
41 qualify its own domestic candidates; and

42 (B) the foreign credential is valid and in good standing at the time of  
43 application for a domestic credential.

44 (b) The Board may satisfy itself through qualifying examination(s) that the holder of a  
45 foreign credential deemed by the Board to be substantially equivalent to a CPA

1 certificate possesses adequate knowledge of U.S. practice standards [and the  
2 Board's regulations]. The Board may rely on the National Association of State  
3 Boards of Accountancy, the American Institute of Certified Public Accountants, or  
4 other professional bodies to develop, administer, and grade such qualifying  
5 examination(s). The Board will specify the qualifying examination(s) and process  
6 by resolution.  
7

8 (c) An applicant for renewal of a CPA certificate originally issued in reliance on a  
9 foreign accounting credential shall:

10  
11 (1) Make application for renewal at the time and in the manner prescribed by the  
12 Board for all other certificate renewals;

13  
14 (2) Pay such fees as are prescribed for all other certificate renewals;

15  
16 (3) If the applicant has a foreign credential in effect at the time of the application  
17 for renewal of the CPA certification, present documentation from the foreign  
18 accounting credential issuing body that the applicant's foreign credential has  
19 not been suspended or revoked and the applicant is not the subject of a current  
20 investigation. If the applicant for renewal no longer has a foreign credential,  
21 the applicant must present proof from the foreign credentialing body that the  
22 applicant for renewal was not the subject of any disciplinary proceedings or  
23 investigations at the time that the foreign credential lapsed; and  
24

25 (4) Either show completion of continuing professional education substantially  
26 equivalent to that required under Rule 6-4 within the three year period  
27 preceding renewal application, or petition the Board for complete or partial  
28 waiver of the CPE requirement based on the ratio of foreign practice to  
29 practice in this State.  
30

31 (d) The holder of a license or practice privilege issued or granted by this Board in  
32 reliance on a foreign accounting credential or license shall report any investigations  
33 undertaken, or sanctions imposed, by a foreign credentialing or licensing body  
34 against the CPA's foreign credential or license, or any discipline ordered by any  
35 other regulatory authority having jurisdiction over the holder's conduct in the  
36 practice of accountancy.  
37

38 (e) Suspension or revocation of, or refusal to renew, the CPA's foreign accounting  
39 credential by the foreign credentialing body may be evidence of conduct reflecting  
40 adversely upon the CPA's fitness to retain the certificate and may be a prima facie  
41 basis for Board action, subject to the following.  
42

43 (f) The Board may presume procedural due process and fairness if the foreign  
44 jurisdiction is a party to a current MRA that NASBA [this State has] and the  
45 AICPA have adopted.  
46

47 (g) Conviction of a felony or any crime involving dishonesty or fraud under the laws of

1 a foreign country is evidence of conduct reflecting adversely on the CPA's fitness to  
2 retain the certificate and is a basis for Board action.

3

**ARTICLE 10

**Rule 10-1 - Grounds for enforcement actions against licensees.**

The grounds for revocation and suspension of certificates, registrations and permits, and other disciplinary action against licensees and individuals with privileges under Section 23, are set out in Section 10 of the Act in both specific and general terms. The general terms of that provision of the Act include the following particular grounds for such disciplinary action:

- (a) Dishonesty, fraud, or deceit in obtaining a certificate, registration or permit, within the meaning of Section 10(a)(1) of the Act, includes the submission to the Board of any knowingly false or forged evidence in, or in support of, an application for a certificate, registration or permit, and cheating on an examination as defined in these Rules.**

5 (7) Failure to comply with the applicable peer review requirements set out in  
6 Section 6(j) and Section 7(h) of the Act and these Rules.  
7

12

13 (2) Incompetence, including but not limited to:

17 b. Any condition, whether physical or mental, that endangers the public by  
18 impairing skill and care in providing professional services.  
19

20 (3) Presenting as one's own a license issued to another;

26 willfully impeding or obstructing the filing of such a report or record, or  
27 inducing another person to impede or obstruct such filing by another; and the

29 finding, adjudication, consent order or conviction by a federal or state court,  
30 agency or regulatory authority or the PCAOB that a licensee has willfully  
31 failed to file a required report or record shall be prima facie evidence of a

33 **Rule 10-2 - Return of certificate, registration or permit to practice.**  
34

35 Any licensee whose certificate or permit issued by the Board is subsequently suspended or  
36 revoked shall promptly return such certificate, registration or permit to the Board.  
37

38 **Rule 10-3 - Applicable standards**  
39

40 A licensee shall follow the standards, as applicable under the circumstances and at the time  
41 of the services, set forth in this section in providing professional services. In addition to the  
42 applicable standards set forth below, a licensee shall follow standards issued by other  
43 professional or governmental bodies including international standards setting bodies with  
44 which a licensee is required by law, regulation or the terms of engagement to comply. A  
45 licensee shall comply with all applicable standards, including but not limited to the  
46 following:  
47

- 1 (a) A licensee shall not render services subject to the authority of the SEC or PCAOB  
2 unless the licensee has complied with the applicable standards and rules adopted  
3 and approved by the PCAOB and SEC.  
4
- 5 (b) A licensee shall not render auditing services unless the licensee has complied with  
6 the applicable generally accepted auditing standards.  
7

10 AICPA, including subsequent amendments and editions.  
11

13 financial statements for a client unless the licensee has complied with the standards  
14 for governmental accounting issued by the GASB, including subsequent

16
- 17 (e) A licensee shall not render attestation services unless the licensee has complied with  
18 the Statements on Standards for Attestation Engagements issued by the AICPA,

23 definition of such services) issued by the AICPA, including subsequent amendments

28 subsequent amendments and editions.  
29
- 30 (h) A licensee shall not permit the licensee's name to be used in conjunction with any  
31 forecast of future transactions in a manner which may lead to the belief that the  
32 licensee vouches for the achievability of the forecast, and shall not render services  
33 associated with prospective financial statements unless the licensee has complied  
34 with the standards for accountants' services on prospective financial information  
35 issued by the AICPA, including subsequent amendments and editions.  
36
- 37 (i) A licensee shall not express an opinion on financial statements unless the licensee  
38 complies with the Statements of Financial Accounting Standards, together with  
39 those Accounting Research Bulletins and Accounting Principles Board Opinions  
40 which are not superseded by action of the FASB, including subsequent amendments  
41 and editions.  
42

#### 43 Rule 10-4 – Model Code of Conduct 44

45 A licensee shall comply with the principles contained in the appended Model Code of  
46 Conduct. All changes in the NASBA Model Code of Conduct shall automatically be made a  
47 part of these rules unless specifically rejected by the Board.

1  
2  
3 **NASBA Model Code of Conduct**  
4  
5

6 **PREAMBLE**  
7

8 **The public places trust and confidence in the profession and the services it provides;**  
9 **consequently, licensees have a duty to conduct themselves in a manner that will be**  
10 **beneficial to the public and which fosters such trust and confidence. This Model Code of**  
11 **Conduct identifies seven fundamental principles of conduct, six of which are intended to**  
12 **govern licensees' professional performance whether they are in public practice, industry,**  
13 **not-for-profit organizations, government, education or other professional endeavors. The**  
14 **seventh principle, independence, applies only to those professional services where it is**  
15 **required by professional standards. This Model Code of Conduct defines the conduct that**  
16 **the public has a right to expect of the licensee, as well as all persons or entities the licensee**  
17 **has the authority or capacity to control.**  
18

19 **With the exception of independence, these principles are universal and apply to all services**  
20 **and activities performed by the licensee in all aspects of his or her professional conduct.**  
21 **Independence, however, is a unique principle that applies only to those professional**  
22 **services where it is required in accordance with professional standards. This Model Code**  
23 **of Conduct is not intended to replace professional standards applicable to specific**  
24 **engagements. In applying any of the principles of this Model Code of Conduct to**  
25 **deliberations in disciplinary or other proceedings, the Board may consider as persuasive,**  
26 **but not necessarily conclusive, and/or adopt by reference applicable interpretations and**  
27 **rulings of the Code of Professional Conduct adopted by the American Institute of Certified**  
28 **Public Accountants, as well as similarly applicable interpretations and rulings issued by**  
29 **other authorities such as the Securities and Exchange Commission, the Government**  
30 **Accountability Office and the Public Company Accounting Oversight Board.**  
31

32 **Users of the licensee's services draw confidence from the knowledge that the profession is**  
33 **bound to a framework which requires continued dedication to professional excellence and**  
34 **commitment to ethical behavior that will not be subordinated to personal gain.**  
35  
36

37 **I. PRINCIPLE: PUBLIC INTEREST**  
38

39 **The grant of a license indicates that an individual has met the criteria established by state**  
40 **boards of accountancy to perform services in a manner that protects the public interest.**  
41 **The licensee must, therefore, have a keen consciousness of the public interest. The public**  
42 **consists of clients, credit grantors, governments, employers, investors, the business and**  
43 **financial community, and others who use the services of licensees. Services provided by**  
44 **licensees support and facilitate many societal needs, including the orderly functioning of**  
45 **commerce and the capital markets.**  
46

47 **Because the licensee is seen as a representative of the profession by the public who retains**

1 or employs him or her or uses his or her services, the licensee should avoid conduct that  
2 might conflict with the public interest or erode public respect for, and confidence in, the  
3 profession.  
4

## 5 6 **II. PRINCIPLE: INTEGRITY** 7

8 **Integrity is a character trait demonstrated by acting honestly, candidly, and not knowingly**  
9 **misrepresenting facts, accommodating deceit, or subordinating ethical principles. Acting**  
10 **with integrity is essential to maintaining credibility and public trust. It incorporates both**  
11 **the spirit and substance in the application of the ethical and technical standards that**  
12 **govern the profession, or in the absence thereof, what is just and right.**  
13

14 **A licensee should act with integrity in the performance of all professional activities in**  
15 **whatever capacity performed.**  
16

## 17 18 **III. PRINCIPLE: OBJECTIVITY** 19

20 **Objectivity is a distinguishing feature of the accounting profession and is critical to**  
21 **maintaining the public's trust and confidence. It is a state of mind that imposes the**  
22 **obligation to be impartial and free of bias that may result from conflicts of interest or**  
23 **subordination of judgment. Objectivity requires a licensee to exercise an appropriate level**  
24 **of professional skepticism in carrying out all professional activities.**  
25

26 **Although a licensee may serve multiple interests in many different capacities, objectivity**  
27 **must be maintained. This requires a careful assessment of the effects on objectivity of all**  
28 **professional relationships and activities.**  
29

30 **A licensee should maintain objectivity in the performance of all professional activities in**  
31 **whatever capacity performed.**  
32

## 33 34 **IV. PRINCIPLE: DUE CARE** 35

36 **Due care imposes the obligation to perform professional activities with concern for the best**  
37 **interest of those for whom the activities are performed and consistent with the profession's**  
38 **responsibility to the public. It is essential to preserving the public's trust and confidence.**  
39 **Due care requires the licensee to discharge professional responsibilities with reasonable**  
40 **care and diligence and to adequately plan and supervise all professional activities for which**  
41 **he or she is responsible.**  
42

43 **A licensee should act with due care in the performance of all professional activities in**  
44 **whatever capacity performed.**  
45

## 46 47 **V. PRINCIPLE: COMPETENCE**

1  
2 **Competence is derived from a combination of education and experience. It begins with a**  
3 **mastery of the common body of knowledge, skills, and abilities, and requires a commitment**  
4 **to lifelong learning and professional improvement. A licensee should possess a level of**  
5 **competence, sound professional judgment, and proficiency to ensure that the quality of his**  
6 **or her activities meets the high level of professionalism required by these Principles. A**  
7 **licensee is responsible for assessing his or her own competence, which includes evaluating**  
8 **whether education, experience, and judgment are adequate for the responsibility assumed.**  
9

10 **A licensee should be competent in the performance of all professional activities, in**  
11 **whatever capacity performed, and comply with applicable professional standards.**  
12  
13

#### 14 **VI. PRINCIPLE: CONFIDENTIALITY**

15  
16 **A licensee has an obligation to maintain and respect the confidentiality of information**  
17 **obtained in the performance of all professional activities. Maintaining such confidentiality**  
18 **is vital to the proper performance of the licensee’s professional activities.**  
19

20 **A licensee shall not use or disclose, or permit others within the licensee’s control to use or**  
21 **disclose, any confidential client or employer information without the consent of the client**  
22 **or employer. This obligation continues after the termination of the relationship between**  
23 **the licensee and the client or employer and extends to information obtained by the licensee**  
24 **in professional relationships with prospective clients and employers.**  
25

26 **This principle shall not be construed to prohibit a licensee from disclosing information as**  
27 **required to meet professional, regulatory or other legal obligations.**  
28  
29

#### 30 **VII. PRINCIPLE: INDEPENDENCE**

31  
32 **Independence, where required by professional standards, is essential to establishing and**  
33 **maintaining the public’s faith and confidence in, and reliance on, the information reported**  
34 **on by the licensee.**  
35

36 **A licensee in the practice of public accounting should be independent in fact and**  
37 **appearance when engaged to provide services where independence is required by**  
38 **professional standards. Independence in fact is the state of mind that permits a licensee to**  
39 **perform an attest service without being affected by influences that compromise**  
40 **professional judgment, thereby allowing the licensee to act with integrity and exercise**  
41 **objectivity and professional skepticism. Independence in appearance is the avoidance of**  
42 **circumstances that would cause a reasonable and informed third party, having knowledge**  
43 **of all relevant information, to reasonably conclude that the integrity, objectivity or**  
44 **professional skepticism of a licensee had been compromised.**

2 **ARTICLE 11**  
3 **ENFORCEMENT PROCEDURES -- INVESTIGATIONS**

4 **Rule 11-1 - Review of professional work product.**

5  
6 **The Board may solicit and receive publicly available reports of licensees and individuals**  
7 **with privileges under Section 23 of this Act and related financial statements from clients,**  
8 **public agencies, banks, and other users of financial statements on a general and random**  
9 **basis without regard to whether an application for renewal of the particular licensee is then**  
10 **pending or whether there is any formal complaint or suspicion of impropriety on the part**  
11 **of any particular licensee or an individual with privileges under Section 23 of this Act; and**  
12 **it may review such reports and otherwise proceed with respect to the results of any such**  
13 **review in the fashion prescribed in Rule 7-3.**

14  
15 **Rule 11-2 – Reporting convictions, Judgments, and administrative proceedings.**

16  
17 **(a) Subject to UAA §4(j), Licensees shall notify the Board, on a form and in the manner**  
18 **prescribed by the Board, within thirty (30) days of:**

19  
20 **(1) Receipt of an adverse peer review or a PCAOB firm inspection report**  
21 **containing criticisms of or identifying potential defects in the quality control**  
22 **systems.**

23  
24 **(2) Receipt of a second consecutive peer review report that is adverse or**  
25 **modified, including a report review report that contains significant**  
26 **comments; or**

27  
28 **(3) Imposition upon the licensee of discipline, including, but not limited to,**  
29 **censure, reprimand, sanction, probation, civil penalty, fine, consent decree or**  
30 **order, suspension, revocation, or modification of a license, certificate, permit**  
31 **or practice rights by:**

32  
33 **(i) the Securities and Exchange Commission (SEC), PCAOB, Internal**  
34 **Revenue Service (IRS) (actions by the Director of Practice), or**

35  
36 **(ii) another state board of accountancy for any cause other than failure to**  
37 **pay a professional license fee by the due date or failure to meet the**  
38 **continuing professional education requirements of another state board of**  
39 **accountancy; or**

40  
41 **(iii) any other federal or state agency regarding the licensee’s conduct while**  
42 **rendering professional services, or**

43  
44 **(iv) any foreign authority or credentialing body that regulates the practice of**  
45 **accountancy.**

46  
47 **(4) Occurrence of any matter reportable that must be reported by the licensee to**

1 the PCAOB pursuant to Sarbanes-Oxley Section 102(b)(2)(f) and PCAOB  
2 Rules and forms adopted pursuant thereto;

3  
4 (5) Notice of disciplinary charges filed by the SEC, PCAOB, IRS, or another  
5 state board of accountancy, or a federal or state taxing, insurance or  
6 securities regulatory authority, or foreign authority or credentialing body  
7 that regulates the practice of accountancy;

8  
9 (6) Any judgment, award or settlement of a civil action or arbitration  
10 proceeding of \$150,000 or more in which the licensee was a party if the  
11 matter included allegations of gross negligence, violation of specific  
12 standards of practice, fraud, or misappropriation of funds in the practice of  
13 accounting; provided, however, licensed firms shall only notify the Board  
14 regarding civil judgments, settlements or arbitration awards directly  
15 involving the firm's practice of public accounting in this state; or

16  
17 (7) Criminal charges, deferred prosecution or conviction or plea of no contest to  
18 which the licensee is a defendant if the crime is:

19  
20 (i) any felony under the laws of the United States or of any state of the  
21 United States or any foreign jurisdiction; or

22  
23 (ii) a misdemeanor if an essential element of the offense is dishonesty,  
24 deceit, or fraud.

25  
26 (b) The licensee designated by each CPA firm pursuant to UAA Section 7(c)(2)(A) (as  
27 responsible for the proper registration of the firm) shall report any matter  
28 reportable under this rule to which a non-licensee owner with a principal place of  
29 business in this state is a party.

30  
31 (c) Reports of pending matters or reports of private litigation resolved by settlement or  
32 arbitration shall be deemed confidential records not subject to public disclosure (to  
33 the extent permitted by this State's law on Public Records) unless and until the  
34 pending matters are concluded or the Board commences a contested case  
35 proceeding based upon the subject matter of such reports.

36  
37 (d) During the pendency of a reported matter, the reporting licensee may submit a  
38 written explanatory statement to be included in the licensee's record. If reported  
39 charges or allegations are subsequently concluded in the licensee's favor or  
40 otherwise closed without disciplinary action by this Board, upon the reporting  
41 licensee's request, documents received pursuant to said report shall be expunged  
42 from the Board's records.

43  
44 **Comments:** States should consider reducing or dropping a reporting requirement for  
45 pending matters or reports of private litigation/arbitration if complying with the request  
46 requires the disclosure of otherwise confidential information, and their state laws require  
47 such reports to be treated as public records since the potential for abuse might outweigh

1 **the regulatory interest in such information. Boards adopting this rule should also consider**  
2 **expunging any self-reported records of charges or allegations that are dropped or**  
3 **otherwise resolved in favor of the reporting licensee and which are maintained by the**  
4 **Board as public records. In the alternative, States should defer implementation of self-**  
5 **reporting of such matters until the State has adopted Section 4(j) of the UAA Statute. See**  
6 **also the reporting requirements set out in Rule 4-5.**
