| Introduction | | | |
| 1. This standard sets forth the auditor's responsibilities when the auditor of the company's financial statements is engaged to perform audit procedures and report on supplemental information ^{1/} that accompanies financial statements ^{2/} audited pursuant to Public Company Accounting Oversight Board ("PCAOB") standards. | Not requirements | No | NA |
| Objective | | | |
| 2. The objective of the auditor of the financial statements, when engaged to perform audit procedures and report on supplemental information that accompanies audited financial statements, is to obtain sufficient appropriate audit evidence to express an opinion on whether the supplemental | Similar objectives | No | NA |

| Performing Audit Procedures on Supplemental Information Accompanying Audited Financial Statements | | | |
| <p>3. The auditor should perform audit procedures to obtain appropriate audit evidence that is sufficient to support the auditor's opinion regarding whether the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole. The nature, timing, and extent of audit procedures necessary to obtain sufficient appropriate audit evidence and to report on the supplemental information depends on, among other things:</p> <ul style="list-style-type: none"> a. The risk of material misstatement of the supplemental information; b. The materiality considerations relevant to the information presented; | <p>.01 This section addresses the auditor's responsibility when engaged to report on whether the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.</p> | <p>AU-C 725 does not address planning for the nature, timing, and extent of audit procedures or the "risk of material misstatement of the supplemental information. However, AU-C 725 is not applied in a vacuum; it is applied in the context of an audit of the financial statements as a whole and in conjunction with the other AU-C sections.</p> | <p>No, not a performance difference.</p> |
